

# WELCOME TO OUR PRACTICE

To protect the health of staff and Patients, these premises have been fitted with the latest air purifier technology from Woodpecker

Breathe easy, knowing the air around you has been cleaned using high voltage, plasma technology that is designed to remove and kill pathogens and viruses like Covid19.

*It's a breath of fresh air...*

*This certifies these premises have a  
high-pressure, Woodpecker Air Purifier  
installed by DMI*
